Artists Statement :

“Having the opportunity to exhibit at Jgallery and take part in the competition for the £1000.00 prize has really added to the benefits of participating in Open Studios this year, increasing the opportunities to have work seen and appreciated by an even wider audience. My work is intricate and time consuming, and finding time to experiment and develop my art practise can be difficult - if I am chosen to receive the prize I will be able to take a set period of time to experiment with materials, techniques and forms”.
